in Fortsetzung der Aktivitäten in 2014

Safe Water Enterprise Project

Training Programme on Health and Hygiene

Safe Water Enterprise project is collaboration between Siemens Stiftung from Germany, Kenya Water for Health Organization (KWAHO) and The Youth Banner. This project envisions to capacity build the community through CBOs and schools on health & hygiene. Further, a link to economic empowerment is envisioned through business skills training and mentoring in relation to provision of Safe Water (youth banner).
